INDUSTRIAL/RETAIL TOOLS & BLADES CATALOG

PHC
PACIFIC HANDY CUTTER®

Our Mission

Pacific Handy Cutter, Inc. is a market leader in the design and manufacturing of industrial razor tools, blades, safety cutting tools, and accessories. We have been producing razor tools for over 60 years and we invented the original "Handy Cutter" which is still one of our most popular products.

Our team of dedicated employees are here to serve you and all of your cutting tool needs. We are committed to producing the highest quality products and offering these products to you at the lowest possible prices. We continue to bring the razor tool market new and patented products to provide you with the latest technology in razor cutting tools. We stock what we sell and with our extensive inventory we can ship the same day orders are placed.

Our industrial product lineup is very broad. Our QuickBlade® "Autoload" knife is safe and efficient and built to withstand heavy duty use. Our QuickBlade® utility knives are durable and ergonomic. Spring back technology and safety guards are important safety features used to make our knives some of the safest in the industry. Our precision razor blades, made here in our California manufacturing plant, are some of the highest quality made in the U.S.

Our patented razor blade dispensers are ideal products used to quickly and safely dispense sharp razor blades. We can offer you attractive counter display units and other marketing materials for those customers interested in retailing our products.

The next time you have the need for razor cutting tools, please call us at **1-800-229-2233** as we are here to serve you! Please check out our new website at **www.phcsafety.com**

***Dedicated to
serving our
customers!***

Self-Retracting Knives

Features

- Safety-spring back design
- Quick blade change release knob
- Self-retracting blade
- Hi-Vis safety orange
